EXAMINER'S AMENDMENT

The following changes to the drawings have been approved by the examiner and agreed upon by applicant, see the interview summary, dated 9/01/04: In figures 3, 7, 10 and 12, the reference number "30" will be included within these figures. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

REASON FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The closest prior art of record, Tai et al., US Patent 6,656,611, fails to show, forming an organic layer over both the conductive member and the conductive lead (performance sensitive element) and removing the organic layer at the first area and dry etching the organic layer at a second area being performed as separate steps.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Stanetta D. Isaac whose telephone number is 571-272-1671. The examiner can normally be reached on Monday-Friday 9:30am -6:30pm.
